Dear Mr. Villasana,

The Stanislaus County Community Services Agency would like to thank your organization for the search that was done on our behalf. Having performed many family searches, we recognize, in part, the difficulty that would be involved in conducting a search for a family member located in another country. You have successfully navigated through the many obstacles one encounters with a search of this type and provided some possible family connections for this person. We are in the process of contacting these connections using the information you have provided.

Thank you again for performing this search on our behalf. We anticipate utilizing your services again in the future, and would certainly recommend Forever Homes for Foster Kids to other agencies needing to find relatives in Mexico.

Sincerely,

Janette Newberry, M.S.
